

April 18, 2018

Honorable Mayor and City Council,

The mission of the Moorhead Business Association is to be the voice of and for business in Moorhead. To be that voice we feel we need more information about the EDA Enabling Resolution.

The Moorhead Business Association is concerned that we do not know the reason for changing the EDA Enabling Resolution. We understand that there will be a public hearing on May 29th to change the enabling resolution. Before that hearing, we would like to have more information about the reasoning behind the change.

We have set our regularly scheduled Let's Talk Business meeting on May 2nd as an informational meeting about it. We are inviting as many of you as deemed helpful to attend our meeting to inform us of the reasoning behind this change.

We would like this information so we can be better informed as we decide what, if any, position the MBA will take on this issue. It is our intention to hear from the council, mayor, the city manager and the EDA director so we can make an informed decision prior to taking a position.

We will decide at our May board meeting (May 10, 11:30 AM) what if any position we take.

We look forward to hearing from you as to who will be representing the council on May 2nd.

Thank you,

A handwritten signature in black ink, appearing to read 'D. Hunstad', is written over a faint, light-colored circular stamp or watermark.

David Hunstad,  
Executive Director on behalf of the MBA board
